

## Heather

I like Heather  
Heather likes me  
What ist the matter  
Love ain't for free

I like leather  
Heather wears heels  
I wear a feather  
One of our deals

To sing songs for heather  
Won't help to forget her  
White boys in leather  
Should wear a feather

We're talking weather  
No topics left  
How could I ever get her  
She must be deaf

No need to talk `though  
Grand body theft  
No need for elbows  
Here take my gift

To sing songs for heather  
Won't help to forget her  
White boys in leather  
Should wear a feather

Now that she's gone I kinda miss her  
She's been a good companion  
I won't bewail my bitter fate here  
And I will smile away those tears

## Redeem

I need to think less  
Much less to gain back control over whatever  
All these thoughts  
Drifting from my subconscious mind

It is all the same  
No matter who I blame

The spin doctor rules the game  
Some proxy wars attain the fame  
Gonna end up in ruthless pain

How could I come up with that  
Where did I miss the turning  
Where is it gonna stop  
Yesterday my soul was burning

I cannot sustain  
Need to be restrained

Where did I miss the boat  
Help me to grow out of that coat  
I really need to drop that load

I need to sink less  
Much less to gain back control over whatever  
All these drinks  
Dripping down my sour throat

Who is there to blame  
For that doubtful fame

The gin doctor rules the game  
Polytoxicomaniac aim  
Gonna end up in ruthless pain

Release me  
Redeem me

## **Shut The Fuck Up**

Well it felt like trouble  
A lot of insecurity  
Heaps of bubbles  
Filled with darjeeling tea  
Where did that come from  
It occurred instantly

### **Maybe I've just eaten nuff of that shit**

I don't need you to care  
S'läbe isch susch scho gnueg schwär  
But I need you to share  
'Cause that's what it's all about these days, I like!  
Can you smell the fresh air  
It's only now that I'm aware

### **Guess I have just eaten nuff of that shit**

Some get aggressive  
I doubt the effect  
I was really upset  
Then I turned rather sad  
Where will it lead me  
Probably to insanity

### **'Cause I have just eaten nuff of that shit**

Everything happens for a reason they say  
Shut the fuck up  
So what is this all about then?!  
Shut the fuck up  
I could as well just shut the fuck up  
Shut the fuck up

And let it all come as it should  
Shut the fuck up  
But then again it's me, most importantly  
Shut the fuck up  
Look I have just eaten nuff of that shit  
Shut the fuck up

I met this refugee  
In a vietnamese restaurant in Berlin Oberschöneweide  
He said he enjoyed his voyage  
He was full of hope  
So who am I to complain  
Who am I to complain!

**Even 'though I've eaten nuff of that shit**

## Wosch Mi

Wosch mi, wosch mi  
Nei du wosch mi nid  
Kumm emol obenabe dasch doch gar nid gschiid

Lueg emol wie du dich uffürsch  
Und alli Type uf de Tanzflächi a de Nase umefürsch  
I mein ok si sin ja gern debi  
Und sie kenned die Schpiili  
Aber ich bliib echli an der Bar bi mim Whiskey

Kumm emol obenabe  
Kumm emol obenabe  
Kumm emol obenabe an rhy  
Nid littere, nid littere

## **Nuts Again**

I am not satisfied

What is your message there (who is the mutineer?!)

I don't understand

What are you trying to say (did I really get that right?!)

Please give me a break here, I can't follow

Do you really mean what you're saying

Stop giving me bullshit

Come on, not again

You are all nuts again

I will not accept

None of that anymore (go tell it to the corner whore!)

I do rather regret

To have listened to you before (how come I thought there was more?)

Hold on to that attitude, you'll get lonely

I'm totally done here, don't you bother me

Don't need no more bullshit

Come on, not again

You are all nuts again

## Humble Me

I'm the most humble man that has ever been  
I'm so humble, much more than you  
Anyone can see

Give me Champagne  
I'm sick of all that prosecco  
Why don't you shove it up your ass

My penthouse maisonette flat  
It has a skyline view  
But still I feel a little bit underrated

From my Chesterfield armchair  
I can see you getting armed there  
Fuck me...and I feel alone

Emily, come with me! Seriously!  
All the way down to Italy

I don't have much  
But I have money  
Let me take you there

Now it's time to fulfill wishes  
It's not what you guess  
Anything you like

Don't be afraid  
You only gonna get laid  
I have to admit

It's radical, cynical, horrible  
And then so emotional  
Can't I just be passionate, inappropriate, I'm sick of it  
Stop telling me I am desperate

And either way you are putting it  
It is you, it is me, or everyone else  
When it comes down to dust, your convictions  
You're better off not to bother too much  
Because it is so

Delicate, you hypocrite, you're full of shit  
Whatever you got just deliver it!  
Emily, set me free, humble me  
Tie up my body on that apple tree

## Moaning

Pussycat is moaning  
Like she's trying to say  
Gimme love  
Or at least some food  
I am lonely as fuck

If you wanna come  
To the countryside  
To my house  
Where there's lots of mice  
We could have some good fun

Chasing mice that would be nice now  
You say gurrrrrr and I say bow down

There is no use moaning  
I'm impervious  
To your sounds  
No matter how obscure  
And how luring they are

You rob me of my sleep  
I want to wring your neck  
Pay it back  
Sack you on the spot  
I have a bone to pick with you

You say gurrrrrr and I say no now  
I won't feed you come what may miao  
I don't need that so please go now  
You say gurrrrrr and I say no now

You're growing fat and fatter  
I can comprehend  
But in the end  
I mean look at you  
Don't you look at me like that

When you're done mice slicing  
Let's go back downtown  
Simmer down  
Have a drink or two  
With the girls from Ipanema

You took a leak on my blanket  
Just because you miss courtesy  
That is no way to behave  
No way to behave!

Uh uh uh uh uh uh uh uh  
Meow

## Am Arsch

This is it  
I completely lost track  
Seems like I have got a monkey on my back

I got hit  
And I tried to neglect  
All I need to say lasts one more cigarette

And again I have fucked it up so badly  
And I am regretting sadly

Here I am  
Totally misled  
I miss you and I'm feeling fucking bad

You have left  
And laced up your swag  
I'm surprised it did all fit in that plastic bag

And again I have fucked it up so badly  
I am regretting sadly  
And I don't make it easy to be trusted  
I see your trust is busted

I was on fire  
Full of desire  
In a state they should have wrapped me up in barbed wire

I betrayed you  
As stupid as bad  
Please forgive me you're the best I ever met

And again I have fucked it up so badly  
I am regretting sadly  
Once again I have fucked it up so badly  
But I'm not the only one
